DETAILED ACTION

Response to Amendment

The Applicants canceled all claims 2 and 8-11 examined in the previous office action. Claims 1-22 are canceled. Newly added claims 23-33 were restricted based on original presentation.

Response to Arguments

Applicants' arguments are moot. Claims 23-33 were restricted based on election by original presentation.

Claims Withdrawn from Consideration

Newly submitted claims 23-33 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

Originally presented and examined invention provided a customer a real-time web browser with a pricing engine and displaying a price quote to the customer.

The newly claimed invention converts a file into a press-ready file. The Applicants shifted the direction away from automatic price calculations to file format and conversion. The inventions are distinct.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 23-33 are

withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Conclusion

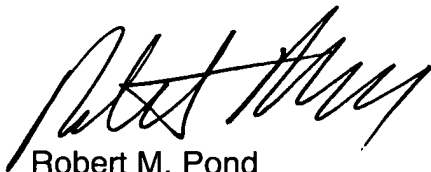

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
